

3835

Drop

DESIGN: BJÖRN SIESJÖ

DROP 3835 pendant with uplight is an interior luminaire which radiates character despite its slim form and small dimensions. This makes Drop an obvious choice in the modern office environment. Drop is available in single units or in a quick fit system for continuous line installation. Various dimming options and sensors are also available.

TECHNICAL INFORMATION 3835 Drop

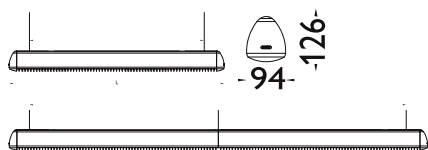

The luminaire housing and end caps are made from recyclable aluminium, available in white, black or grey finish. Reflector in anodised Miro 5 aluminium. Drop has two alternative optics – cross blade louvre in white or grey, or soft acrylic. Comes as standard with 1 m adjustable wire suspension and 2.5 m connection cord. Continuous installation, HF dimmable and various sensors as option.

Colours:
